When you create a new character, you will have a chance to select a class and a starting level. The class you choose will affect your gameplay style and is set as your class. Selecting a higher level class will enable you to learn new skills as you advance through the game. You can gain experience from defeating monsters or finding items. Every time you gain experience points, you will be able to learn new skills. After gaining a certain amount of experience points, you can further increase your level by gaining new levels. Once your level reaches the maximum level, you can select skills from your skillset and your characters will be further strengthened. Additionally, you can fully customize your character by improving the quality of your equipment. You can level up multiple times during a single game. During your level up, you can increase the Level Cap, damage of your attack, damage of your skill, experience rate, vitality, and the range of your skill. While leveling up, there are randomly generated events, and you can participate and obtain special items. You can enjoy the beauty of the Lands Between and meet new friends by participating in events. Speaking of campaign, you can also customize your own campaign by playing as a hero. As you advance, you can gain special skills and attacks. [Joystiq AU - New Year's Day 2015]

That kiss could kill you. Battle to save your loved one in the Augmented Reality version of Journey. @DataHeroGames

Data Hero Games today announced that the augmented reality version of the adventure game "Journey" is now available on iPhone, iPad and Android devices via IFA 2015. Journey is a jaw-dropping and heart-pounding 3D game based on the original award-winning experience made by thatgamecompany.

The augmented reality version of Journey features a new dynamic original soundtrack and a high-tech, augmented reality experience that allows users to journey, fight and travel, as the game's heroine, as pure as she is beautiful. Those who preorder Journey during a special IFA in-store promo event will receive a bonus augmented reality pirate ship. The prize, which can be unlocked, is illustrated in real-time as the player travels through India, Saudi Arabia and other exotic locales.

Journey follows Aornica and her mischievous bird friend as they journey across mysterious new worlds to reunite with a
